Environmental Policy Statement

Coler Supply Solutions recognises its' responsibility towards the environment, and issues this policy as a statement of management and employee commitment to minimising the environmental impact of its' business activities. In order to ensure effective management of its' activities with the potential to affect the environment, Coler Supply commits itself to:

- Being aware of how its' activities, products and services impact upon the environment, and is committed to complying with relevant environmental legislation and regulations and to other requirements to which the organisation subscribes.
- Identifying objectives across the business aimed at continual improvement of its' environmental performance by building environmental considerations, into its decision making processes and methods of operation, to minimise environmental impact and prevent pollution.
- Ensuring that all Coler Supplies activities and services, giving rise to significant environmental effects, are covered by this policy and that the policy is implemented, maintained and communicated to all people working for or on behalf of the company.
- Communicating this policy to its' customers and the general public, where requested.
- Requiring its' suppliers and contractors to have a proper regard for the Coler Supply environmental policy for the goods and services they provide.

It is part of the company's training programme to ensure that this policy statement is briefed, understood and implemented at all levels within the company.

This policy will be reviewed annually as part of the management review process, to ensure its continued relevance and adequacy.

Karl Barker

Managing Director
